

PORT RICO'S DELEGATE

His Status in Congress Likely to be Productive of a Fight in That Body.

JONES LIKES THE ISLAND

Real Estate Agents Hot After Hanna, But the Only House He Wants is White.

(From Our Regular Correspondent.)
WASHINGTON, D. C., Jan. 21.—The status of the representative from Porto Rico in Congress, or at least, his title, is likely to be productive of a fight at the present session. The Insular Committee of the House reported unanimously last year in favor of allowing the representative from the island to have all the privileges and to have the title of delegate. This bill passed the House, but did not get through the Senate. The Committee on Rules of the House has now introduced a resolution calling for Porto Rico a commissioner, and giving him the rights of a delegate, which carry about all that a congressman has, save the right to vote.

Representative Jones, of Virginia, who is the senior Democrat on the Insular Committee, today says that he should oppose the resolution, and it is likely that the Republican members of the committee will vote with him in the matter.

AS GOOD AS A HAWAIIAN.
There appears to be no reason why the Porto Rican representative should not have the same rights as the Hawaiian, who has a seat and all the privileges of the delegates from the territories, including the title of delegate. But the Hawaiian is a prince, and has spent a night in the station house in Washington. Senator Frederico Degetau, the Porto Rican commissioner, is a cultured gentleman, a former member of the Spanish Cortes, and an able lawyer, who appeared for Porto Rico in the recent case in which the Supreme Court of the United States decided that Porto Ricans were not aliens, though not citizens of the United States. Mr. Jones says he cannot see why the delegates from Hawaii and Porto Rico should not be on precisely the same footing.

TEACHERS COMING.
The Insular committee has agreed on a bill providing for the transportation to this country of a large number of Porto Rican school teachers, who will come during the summer vacation and study the methods in use in American schools and universities. They will be taken care of by the schools and colleges. It is expected that several hundred of them will come and spend some weeks in the United States.

Mr. Jones says the committee is assured that Porto Rico is in a prosperous condition. The hurricane of last year devastated the island and caused a great deal of suffering, but the people have recovered from the disaster. The government is spending \$500,000 in the construction of roads through the island, which gives employment to all who will work. But the labor is of very inferior quality. Mr. Jones calls attention to the fact that the island of Porto Rico, only about thirty miles in width and one hundred miles long, is perhaps the most thickly settled country in the world. Belgium, not excepted, has a population of something over 500,000.

RICH SOIL.
Mr. Jones was down there some years ago, and he says he believes the soil to be the richest in the world. That on the tops of the mountains is as fertile as that in the lowlands. He says he has seen the coffee plantations, and that Mr. Jones became enamored of the Porto Rico coffee while on the island, and has shipped to him a few bags to have the superior to Brazilian coffee. President Roosevelt is very fond of it and uses it on the tables at the White House.

MENTION OF THE WHITE HOUSE reminds me of a story which is in circulation to-day. Senator Hanna, since his return from Ohio a few days ago, has been asked to purchase a house in Washington. Of course, he has been pursued by real estate agents ever since making the announcement, but he has not gone to the extent of asking to be shown any of the property offered him. This morning the real estate agent called on him, and handed him a letter stating that none of the houses offered Senator Hanna had been satisfactory, and that he had made up his mind to purchase a house in the White House. The agent then handed him a letter from the Treasury and the State, War and Navy Departments, now occupied by Mr. Theodore Roosevelt.

DISTURBANCE SERIOUS.

The Revolution at Montevideo Attracts Much Attention.

(By Associated Press.)
WASHINGTON, Jan. 21.—According to a cable report to the State Department from United States Minister Finch, at Montevideo, the revolutionary disturbance in that country is much more serious than expected. The minister cables under date of the 20th as follows: "There have been three battles, all won by the government; the last one being on the 18th. The total number of killed and wounded was about 100. The government forces were estimated at 25,000 and the rebels at 7,000 to 9,000. The opinion here is that the insurrection will be suppressed in a month unless aided by near neighbors. The press and telegraph censorship continues; also martial law."

SNATCHED POCKET-BOOK.

A Negro Grabbed Mrs. Witt's Purse and Made Off.

Mrs. Judge S. B. Witt was the victim of a foolish pocket book snatcher about 8:30 o'clock last night. Mrs. Witt was coming from the Virginia Hospital, and as she was about to enter the gate, a small colored boy appeared before her, grabbed her pocket book and ran off into the darkness. Mrs. Witt called out and told him of the incident, and also reported the same to the West District (the Second), and set to work at once to find the boy. He was unsuccessful in locating the thief. The purse contained \$15 in money and some jewelry of more value than the money. She had such a faint glimpse of the boy that she could not give an accurate description of him.

THE GOVERNOR IN WASHINGTON

Wants Secretary of War to Receive Unofficial, But Authenticated, Rosters.

(From Our Regular Correspondent.)

WASHINGTON, D. C., Jan. 21.—Governor Montague, of Virginia, came to the city to-day for the purpose of consulting with the Secretary of War with a view to having him modify the order regarding the rosters which are to be supplied by the Confederate States. The departmental order specified that only original rolls were to be used in making the record, and the Governor and Dr. Dickenson, of North Carolina, urged upon the Secretary the wisdom of receiving authenticated, but unofficial, rosters. Secretary Root would not yield at once, though the Governor called a second time to talk over the matter. It is possible, however, that some modification of the order will be made.

Governor Montague reached the city shortly before noon. He stopped at the Metropolitan, but as he did not register, many of his friends did not know he was in the city. He went out to call on an old friend to-night, and will return to Richmond on the morning.

WOOD PARK BURNS.

Mr. Blair Johnson's Elegant Home Prey to the Flames.

(Special to The Times-Dispatch.)

WARRENTON, VA., Jan. 21.—"Wood Park," the home of Mr. and Mrs. Blair Johnson, near New Baltimore, was destroyed by fire last night about 10 o'clock, which originated in the kitchen. The flames spread with such rapidity as to make difficult and dangerous the escape of the family, who had just retired for the night. With the exception of some furniture in the dining and drawing rooms, the destruction of personal effects was equally complete as that of the dwelling.

The total loss is estimated at \$1,500. The insurance covers only a portion of this loss. Mr. and Mrs. Johnson are well known members of the hunt club here.

AN AWFUL CURSE.

Father's Intemperance Causes Tragic Deaths.

(Special to The Times-Dispatch.)

KENDRICK, VA., Jan. 21.—A tragic affair happened in the little town of Fries, on the Norfolk and Western Railroad, a few days ago.

One of the daughters of W. B. Brown suddenly became ill from pneumonia, and her father procured some whiskey for her, but succumbed to the temptation and drank it himself. In a short time he became intoxicated, and making his way home, attacked his wife with a large knife. His other daughter, who was in good health, was frightened so that she became insane, and not regaining her composure, died, and in about five hours was followed by her stricken sister.

In the meantime both Mr. Brown and his wife were attacked with fever, and in about twelve hours the father followed by Mrs. Brown is still critically ill, and considering her grief and troubles, is not expected to recover.

SHOT WAS FATAL.

Ship-Fitter's Foreman Dies From Self-Inflicted Wound.

(Special to The Times-Dispatch.)

NEWPORT NEWS, Jan. 21.—Unit T. Robbins, foreman of the ship-fitters department at the shipyard, died at the hospital to-day from the effects of a wound inflicted by his own hand on January 17th.

Robbins, a fit of despondency, fired a .25 calibre pistol bullet into his head. The bullet split on the cheek bone, and penetrated the brain. The wound was not fatal, but the doctors found that it would mean immediate death to probe for the bullet, so the patient was not operated on.

The deceased was unmarried, and he came here several years ago from Philadelphia.
